### **GCSE Results 2009**

We are really proud of all our GCSE students who achieved some fantastic results this year.

The average Points Score has increased again this year (for the 5<sup>th</sup> consecutive year). 99% of all our students achieved 5 or more GCSE passes. Some students achieved outstanding results – 5 students attaining A's or A\*'s in all 10 of their GCSE exams.

We are also extremely pleased with our many students who exceeded their personal targets.
