

Sandhurst School Press Release

Post 16 Results 2011

We are again very proud of the achievement and attainment of our sixth form students. They will be delighted with the results they have achieved.

The pass rate at A Level was 91%. This is testament to the hard work of students and staff. Many students achieved the high grades that will ensure they move onto higher education.

Students achieved excellent results across the board in maths, Spanish, travel & tourism, history and the extended project.

AS students have made a fantastic start to their courses. The majority have achieved grades which will allow them to continue on to the second year of their studies with confidence that they too will achieve excellent A Level results.

Amongst **Qualifications equivalent to A-Levels** that are offered are performing arts and sport. Students studying these have also been very successful with exceptionally high pass rates.

Individual students who we are particularly pleased with are our head girl, Rochelle Thomas (4 A grades at A level - she is hoping to be accepted into Cambridge University), Richard Ottaway (not only a talented guitarist but also achieved 3 A grades), Sam Evans (1 A and 2 B grades), Hal Willis (1 A and 2 B grades), Roshan Rai (a B and 2 C grades).

At AS level we particularly commend Rebecca Cousins (2 A grades and 3 B grades), Kyran Edmunds (3 As and a B grade), Wissem Nemouchi (3A grades, a B, a C and a D).

We are keen to stress however, that it is not only these very high attaining students who we are proud of – many of our students achieved and exceeded their personal targets and will be progressing to further or higher education. We wish all of our students, particularly those moving on, a very successful future.
