10th January 2011

Dear Parents

The Year 11 students are now in their final terms before their GCSE examination and, whilst revision is essential, having a firm understanding of appropriate examination techniques is also hugely beneficial to a students' confidence. It has been consistently proven that students who practice for mathematics examinations by working through past papers achieve better results in their real examinations. With this in mind the Maths Department will be giving all Year 11 students a past paper per week to complete as homework. Please can you help support us in this by ensuring that your son/daughter completes and returns these papers every week. Students will be given their copy of the past each week, but copies of all the past papers are also available on the Sandhurst Digital Campus.

The Maths department are also selling Mathematics Revision Guides at £3 and Maths Watch CDs at £4. The revision guides provide factual information on all topics, whilst the Maths Watch CDs provide video clips of each topic being taught. Please use the return slip below to order either or both of the book and CD. Return slips and payment should be returned to Maths teachers by Friday 21st January at the latest. Please complete and return the slip even if you do not want to buy either item.

Finally, Mathematics revision sessions are now running weekly after school for all students. Students need to speak to their maths teachers for specific information.

Yours sincerely

Mr J Prout  
Mathematics Subject Leader

**Please return this slip with payment to your Maths teacher by Friday 21st January**  
**If you prefer to pay by cheque, please make cheques payable to 'Sandhurst School Private Account'**

Please tick as appropriate

Name of Student: ..... Maths Set: .....
