18th September 2018

Dear Parent/Carer,

We have had a number of reports of young people in the local area causing issues for drivers. The young people are on bicycles and are deliberately riding towards and in front of cars. This is causing drivers to have to stop suddenly and is understandably causing distress and they are also angry.

We have been able to identify some of the students and have spoken with them. I have also spoken with our local police officer so he can alert his team. We are contacting parents where possible too.

I am aware that there was a discussion on Facebook last week and so some parents may be able to identify their own children from the descriptions given in the conversations.

This seemed to be a problem towards the end of the school holiday and last weekend. As mentioned, parents have or are being notified where we can. I appreciate this is not a problem inside school or during the school day but have spoken to students in assemblies to both warn them of the dangers and to let them know I will be contacting parents.

Yours sincerely

Mrs D Smith
Headteacher
