Dear Parent(s),

Re: School Update

After the first full week it has been lovely to see the students come back in such a positive manner. There has been a fantastic atmosphere in school.

I just wanted to make you aware of a few matters ahead of next week.

Firstly, next week we will be beginning a drive on uniform standards. Overall, we are delighted by the way students have come back and it is pleasing to see so many in the uniform. However, we have too many students where the length of skirt is not in alignment with the school uniform policy, this will be a focus for us over the coming weeks, so please could I ask that support us with this matter and ensure skirts are sitting just above or on the knee.

Secondly, we have received information from other schools that there are AI glasses (Meta glasses) available which essentially look like normal glasses but allow access to AI tools, including the ability to film and record directly from your point of view. I would like to clarify that devices like these and any other similar devices are not permitted in school and appropriate sanctions would be used if this was the case.

Finally, we have received complaints from the local community about parking in the area and paths and driveways being blocked. Please be considerate to our neighbours and ensure you park lawfully to help us keep everyone safe.

Please be reminded that the drop off and pick up point at the start and the end of the day, is the sports centre car park.

Thank you for your support.

Yours sincerely,

Mr G Croxon
